

PORTFOLIO OBJECTIVE

This model comprises solely passive investment vehicles (such as unit trusts and exchange traded funds) that simply track a market and aim to deliver returns reflective of how that market is performing. Asset classes you could find in this portfolio are government bonds, corporate bonds, alternatives and cash. Property and exchange traded commodities may all feature within the alternatives classification.

The portfolio seeks to generate higher capital growth over the medium to long term (5 – 7 years or more) by employing a dynamic investment strategy. Portfolios will typically comprise 70% equity and 30% non-equity, though weightings may deviate within set parameters, allowing managers to react to market conditions.
